## CHECK IF A PROPERTY IS HOMESTAY REGISTERED

You may have been offered a 'Homestay' from another site, Facebook page/group or maybe a recommendation from someone.

You can check if the 'Homestay' accommodation on offer is registered on our website, using our Property Checker tool.

Property Checker

In the Isle of Man, it is a legal requirement that all visitor accommodation must be registered; either with Homestay for TT<sup>®</sup> and MGP periods, or with the Department for Enterprise if offering full time tourist accommodation.

## CHECK IF A PROPERTY IS HOMESTAY REGISTERED

All Registered Homestay accommodation is issued a  
unique Property Code or Reference.

Any potential host should be able to provide this to  
you. It will always consist of 2 letters "IM" followed

by 5 numbers e.g.

Property Code (IM12345)

You can use this to verify the registration details for  
any registered Homestay accommodation

If you don't have the Property Code, you can still find the details, if you have the address and postcode.

There's no reason why any genuine prospective host would not provide that for you!

## CHECK IF A PROPERTY IS HOMESTAY REGISTERED

**If you see a screen like this, then we would advise caution before booking and paying any monies.**

Offering visitor accommodation on the Isle of Man is illegal unless the property is registered with Homestay or the Visit Isle of Man agency.

Every registered Homestay is issued with a Property Reference Code. You can use either the property code or a postcode lookup to check for registered properties on our website.

If someone is reluctant to provide a property code or full postal address, please approach with caution.

If it is unregistered, then you will not be insured whilst staying at the property in the event something should happen to you on the premises. I

If they will not provide a full address, it may be a scam.
